The screenshot shows a user interface for managing service areas. On the left is a dark sidebar with a logo at the top, followed by several menu items: Dashboard, Lookups (with sub-options: Service Category, Service Areas, Services, Attributes), Users, and My Applications. The main content area is titled 'Update Service Area' and shows the path 'Service Area / Update Service Area'. At the top right of the main area, there is a small toast notification with a green checkmark and the text 'User logged in successfully'. The overall theme is a modern, light-colored web application.
